¹⁰ In some cases HDR candidates' research is supervised across more than one faculty (teaching faculties) but each course is managed by just one faculty (the managing faculty). HDR completions are provided by teaching faculty as opposed to managing faculty due to funding for HDR completions being allocated at the candidature level.

¹¹ Based on the DEEWR definition: an international student is a student who is not an Australian or New Zealand citizen or does not hold a permanent residence visa.
¹² Includes the 10 countries of permanent home residence with highest number of international student enrolments for 2010.
¹³ Includes bilateral exchanges with overseas universities, intercampus exchanges between Australia, Sunway and South Africa campuses, study programs at Prato, international study programs and other.
¹⁴ Includes Reciprocal Exchange and Study Abroad.

Monash University in brief

Monash University enrolled its first students at the Clayton campus in 1961 when the University consisted of the faculties of Arts, Economics and Politics, Engineering, Medicine and Science. It is now Australia's largest university with over 62,000 students enrolled at its six Australian campuses at Berwick, Caulfield, Clayton, Gippsland, Parkville and Peninsula and its overseas campuses in Sunway (Malaysia) and South Africa.

The University engages in an extensive range of high quality research and provides a wide range of undergraduate and postgraduate programs via conventional and flexible study modes including distance education and intensive learning modules. Today, almost 10,000 students study off-campus and increasingly online.

The University's research and coursework programs, many of which are multi-disciplinary, are currently provided through ten faculties: Art and Design, Arts, Business and Economics, Education, Engineering, Information Technology, Law, Medicine, Nursing and Health Sciences, Pharmacy and Pharmaceutical Sciences and Science.

Monash University is a richly diverse and multicultural community serving Indigenous and recent Australians together with students from over one hundred countries. The latter, mainly from Malaysia, China, Singapore, Indonesia and Hong Kong, make up some 35 per cent of all enrolments. Of these, more than 9000 students are enrolled in programs outside of Australia, mainly in the Asia Pacific region.

The information presented in this document comes from the annual student, staff, research and finance statistical collections submitted to the Department of Education, Employment and Workplace Relations (DEEWR), Monash Annual Reports and reports compiled by Universities Australia.

Staff ratios					
Student:Staff ⁷	17.06	17.06	16.99	17.20	17.96
Academic:Professional ⁸	1.11	1.11	1.05	1.05	0.97

⁵ Figures are the full-time equivalent (FTE) and include DEEWR non-reportable staff employed in independent operations (275 in 2006, 134 in 2007, 147 in 2008, 155 in 2009 and 117 in 2010).

⁶ DEEWR reportable staff figures given here do not include locally employed staff at Monash University, Malaysia and Monash South Africa. The staff headcount figures for 2010 for these campuses are 561 and 254 respectively.

⁷ The Student:Staff ratio is calculated using the 'DEEWR IPP Academic including casual' methodology. This definition excludes offshore and work experience in industry load. Student staff ratio (SSR) calculations include academic staff employed in Academic Organisation Units (AOU) and include both full-time/fractional full-time and casual staff employed in 'Teaching only' and 'Teaching and research' functions. Staff employed in independent operations have been excluded.

⁸ This ratio shows the concentration of professional staff compared to core business academic staff and gives an indication of the level of support provided to enable academic work of the University. The inclusion of casual staff gives a complete view of the workforce.
