

## CONFIDENTIAL STATEMENT OF SUPPORT – Disability or medical condition

This is for applicants who have applied under the disability or medical condition equity group.

Your treating medical professional should supply your statement of support. If they are inaccessible or unwilling to provide your statement of support then a responsible person can supply your statement of support. The responsible person should explain the circumstances you describe in your scholarship application in their own words and be able to comment on how the circumstances have affected your educational performance.

Note: Statements of support CANNOT be supplied by a person who is related to you or in a relationship with you. If the only responsible person who has knowledge of your circumstances is a family member or partner, then you must supply a statutory declaration explaining why there is no other person who can supply the statement along with the statement of support. Regardless of the presence of the statutory declaration, statements of support supplied by family members or partners may not be considered for assessment.
